

Case Study

Project: Sommerville Primary School, Wallasey, Merseyside

Product/System: Kingspan 1000TD with Trocal Single Ply

Size/Value: 400m²

This was an extensive project to improve facilities at Somerville Primary School on Merseyside. This primary school is larger than average with over 450 pupils.

Gables UK Ltd were contracted to install the Kingspan 1000TD, a composite panel system to the newly built hall and kitchen roofs, working with other trades to ensure deadlines were met and work was completed on budget during the school holidays.

Trocal single ply cap sheet system was then installed over the insulation system to provide a 20 year water-proofing system to the roof.
